ABOUT THE AUTHORS

Two Authors, One Door And It Just Opened

By the time you start getting to know us, things might already be out of control.

Just kidding. (Or not.)

D.M. Sula is the shared signature of two authors who explore the darker corners of psychological suspense.

Our first series, The Silence Series, started with buried secrets, unreliable narrators, and quiet moments hiding sharp turns — but that was only the beginning.

We write about manipulation, fractured identities, and hidden dangers. Each book pulls you into our characters' darkness — and maybe your own. If you've ever said "just one more chapter" and suddenly it's morning, you're in the right place.

THE SILENCES SERIES

The Silences Series is a three-book psychological thriller that explores the dark corridors of memory, the scars of trauma, and the secrets hidden behind silence. Author D.M. Sula invites readers into a world where every silence echoes with threat.

Emily Vane — a former architect and now a publishing editor — sees her life unravel as signs rise from the shadows of her past. Each book reveals a new face of Emily's connection with herself and her history, while confronting readers with the fears buried in the deepest layers of silence.

1. Book: A Silent Door

2. Book: A Silent Mirror

Theme: Identity, confrontation, lost trust, fractured reflections.

Tagline: The identity you fear to confront...

3. Book: A Silent Letter

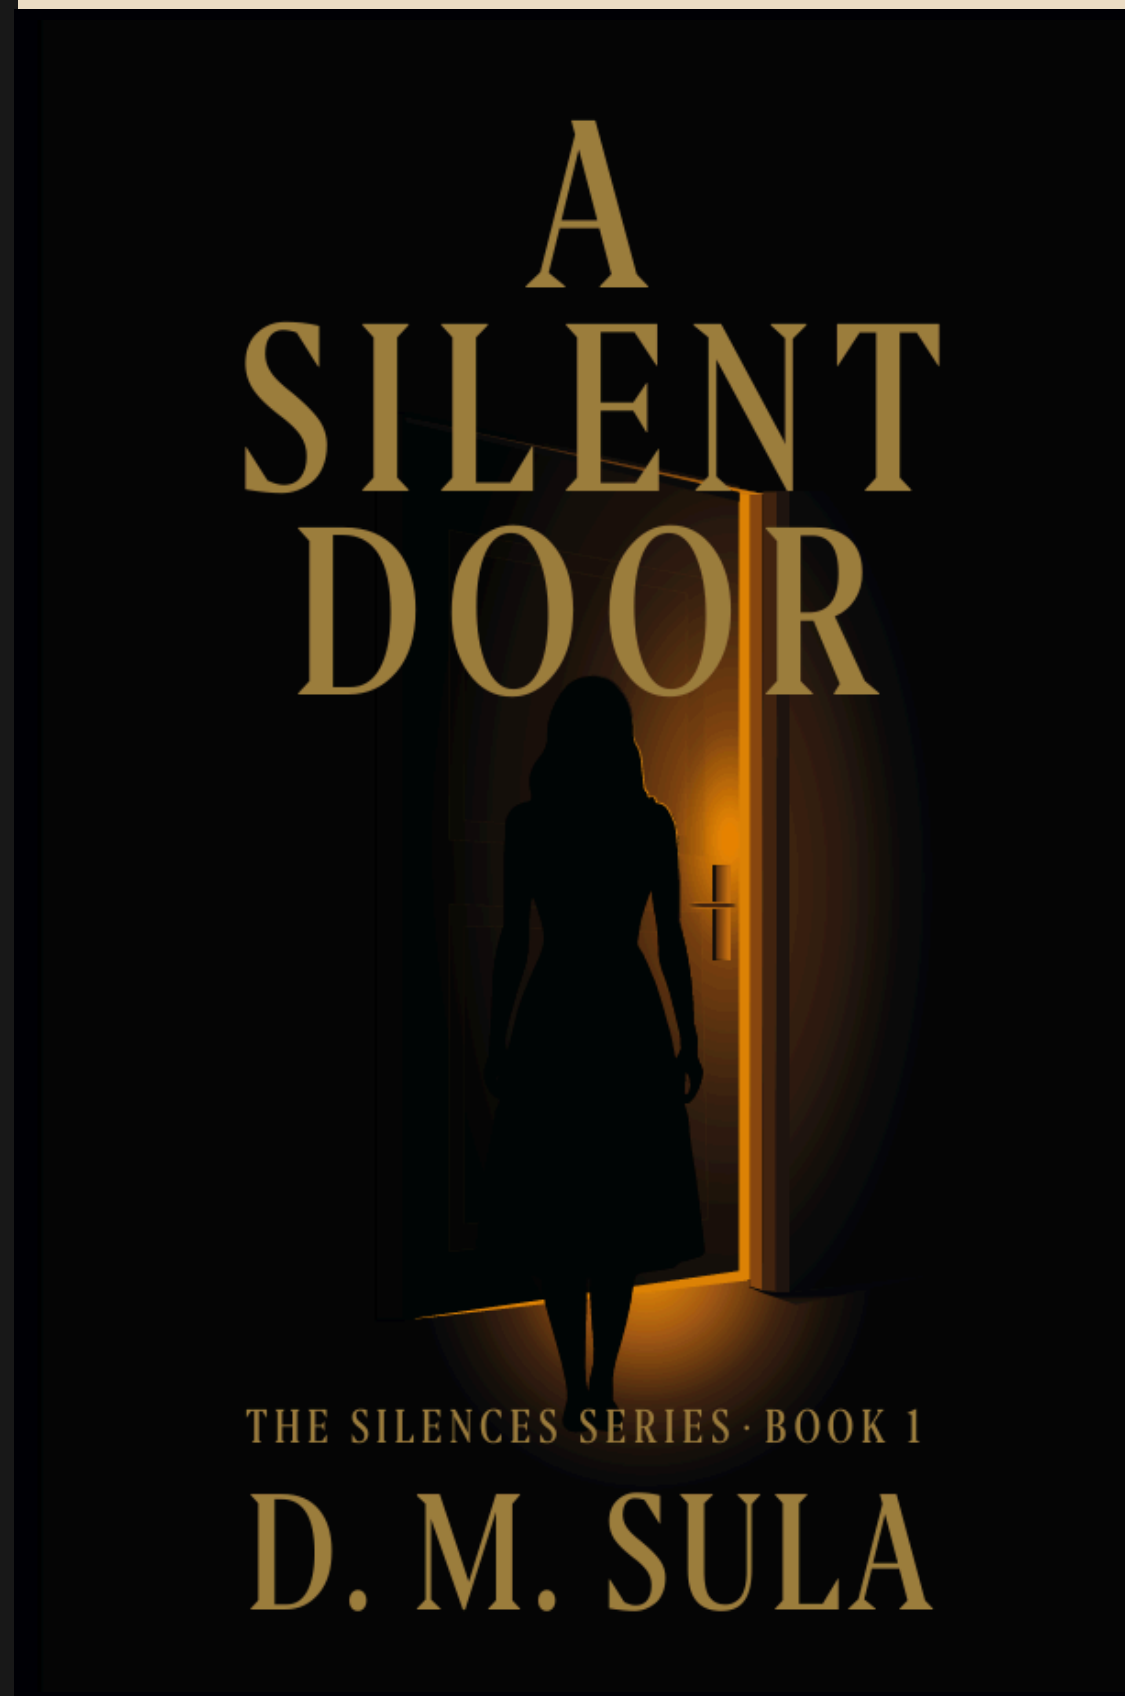

Unspoken words echo the loudest.

Theme: Relationships, longing, guilt, the weight of silence.

Tagline: Even silence speaks...

KEY MESSAGE

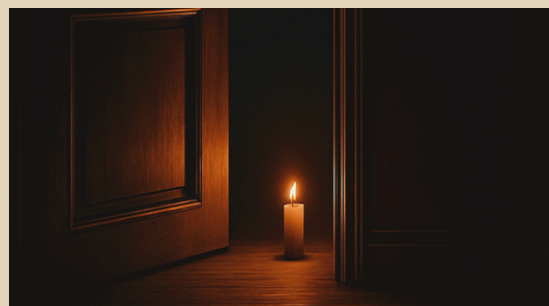

Whisper Lines

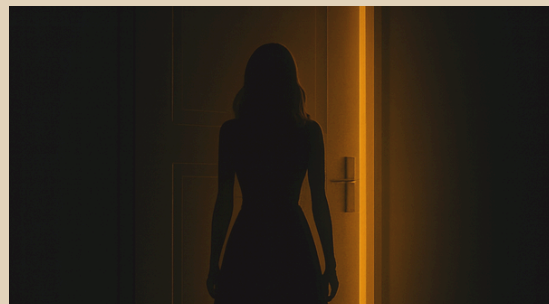

“Some memories whisper. Others...scream.”

“The door is open. So why are you still shaking?”

“If a candle s lit, someone is coming.”

“The silence let her in. But it never let her out.”

Inside the Chapters

"The first thing she noticed on the day she moved in wasn't the silence. It was the door. No one had ever told her about that door."

"Emily froze where she stood. Her breath caught. It felt like something was watching her—but not with eyes... with memory."

"If you look one more time... the truth will swallow you. You won't be able to close it. You won't be able to sleep. And you will never come back."

She slipped on her headphones as she boarded the metro. No lullaby this time. Just a dim jazz tune. For a moment, she almost felt like a “normal” person.

FAQ & AUTHOR INTERVIEW

2025

1. What kind of book is A Silent Door?

2. Why did you write this book?

3. Who is the main character, Emily?

4. So, who are you?

5. Why the title A Silent Door?

6. What was the writing process like?

1.A psychological thriller born out of silence. A woman is forced to confront the shadows of her past. A closed door begins to reveal the secrets she has kept hidden for years. The story keeps readers in suspense while also confronting them with their own silence.

2. Because silence has always felt powerful to us. Sometimes it soothes, sometimes it exposes the darkest fears within. Throughout our lives, images kept returning to our minds—doors, candlelight, notebooks... Turning them into a story felt inevitable.

3. Emily is a book editor. As a child, she often felt invisible and abandoned. The traumas she experienced never truly left her, and they follow her into adulthood. Through Emily’s eyes, readers experience both reality and the tricks of the subconscious.

4. We are D.M. Sula. Partners in life and in writing. We merge two perspectives into one voice. Sometimes we clash, sometimes we complete each other, but in the end, what emerges is a story carrying both our spirits.
“D.M. Sula” is our shared signature, shaped by personal histories and collective dreams. Our goal is not just to publish a book, but to build an international psychological thriller universe.

5. Because silence is like a door. It can be closed and protective, but it also hides the unknown behind it. In this book, the door symbolizes not only Emily’s subconscious but the reader’s as well.

6. Writing together was both challenging and rewarding. Bringing two perspectives together sometimes created conflict, but it also made the story stronger. One of us would get lost in the details, while the other held onto the flow. In the end, we created a book that carries both our signatures. This process transformed us not only as writers but also as people.

7. Who is this book for?

8. Why did you decide to write a trilogy?

9. What awaits readers in the rest of the series?

10. Where can the book be found?

11. What would you like to say to your readers?

7. McFadden, Ware, and Jewell readers will find a familiar atmosphere, but Jackson, du Maurier, and Tarrt readers will also discover doors opening into their own worlds—filled with symbols and deeper meanings hidden in silence. In short, those who crave fast-paced suspense and those who seek deeper traces within silence will both find themselves in this story.

8. Because silence inspired us in more than one way. We didn't want to limit it to a single book. Silence can appear as a closed door, as a reflection in a dark mirror, or as an unsent letter.

That's why we shaped this journey into three books:

- A Silent Door → The first confrontation
- A Silent Mirror → Reflections of the past
- A Silent Letter → The final reckoning

Each book can be read on its own, but together they create a deeper universe.

9. A Silent Door → The first door opens

A Silent Mirror → The missing pieces of the past emerge

A Silent Letter → The ultimate reckoning arrives

With each book, readers will be led into a new confrontation

10. Currently available on Amazon as both an eBook and a paperback or hardcover. Very soon, it will also be published in other languages.

11. Thank you to everyone who lends us their attention; we hope this journey also touches your silence.

Everyone carries their own silence. Our story may meet yours. A Silent Door is not just a book—it's a door opening into yourself. Maybe you've already been standing in front of it.
